

Free Training

Free Training Programme - Industry Inductions (Up to November 2006)....

The free Induction certificate trains and provides new entrants with the practical knowledge needed to meet the demands of the industry and on completion you will achieve an industry recognized qualification.

For more information on eligibility and course dates please see our website at www.skillset.org/induction. Flexible attendance times (including weekends) can be delivered as just 2 modules (e.g. employment and professional development and health and safety).
